

Above and Beyond

Salik's unique and commitment to giving drivers the best user experience has led the Company to go above and beyond in everything it does, not least with its world class tolling system.

SALIK IS

Investing in state-of-the-art technology to enhance mobility in the UAE

Managing the tolling network dynamically and efficiently to collect toll fees

Imposing fair charges as per the approved pricing by the regulator and collection for unpaid tolls

Providing driver convenience, such as seamless tolling, parking payments and renewal insurance services

Allowing our employees to not just work but thrive in the workplace

Supporting our 'give back to the community' ethos with zero charge toll usage for special groups

Exercising environmental stewardship, such as the use of solar power

Extending its reach beyond Dubai through our ancillary businesses
